7020 Snowdrift Rd.
Allentown, PA 18106

Subject: AERLITE

Dear Sami Saffi,

The Maine Department of Transportation's Concrete and Bridge Items Product Evaluation Committee has completed its review of the subject product.

This product meets the requirements of ASTM C 869 and will be added to our Qualified Products List as a foaming admixture. This may take a few weeks as we are in the process of updating all of our lists and website.

A friendly reminder: all products added to our QPL require recertification five years from the initial date of prequalification and every five years thereafter to remain on the QPL

Thank you for your interest in doing business with the Maine Department of Transportation.

Sincerely,

Dawn Bickford
Product Evaluation Program Coordinator
